BE SAFE TECHNOLOGIES

# **Trusted** by

Capterra

★★★★★

With the increasing presence of Health and Safety and need for record keeping, Compliance Genie ticks all the boxes. Within the construction industry I would thoroughly recommend the investment!

BAKING DAILY CAVAN BAKERY SINCE 1929

★★★★★

From the outset, we were impressed by Be-Safe's solutions-based approach founded on strong operational experience and insight. It made a huge difference working with a team that understands real-world compliance needs, rather than dealing in abstract concepts. This meant we were able to move quickly to go live with the system, and I am delighted to say it has transformed our business.

The True Bedmakers

★★★★★

Compliance Genie has definitely played a part in Harrison Spinks improving its H&S management & compliance systems, while also having a positive impact on H&S culture. It allows for every employee to have instant access to all relevant H&S documentation which has streamlined processes. The platform is very user friendly with high levels of support from the Be-Safe team.
