

Document Management & Sign-Off

Organise documents. Control access. Ensure compliance.
All in one connected platform.

- ✪ Store all compliance and safety documents in a secure central system
- ✪ Structure documents by site, department, or category
- ✪ Control user access and permissions across the organisation
- ✪ Manage version control with automatic updates and history tracking
- ✪ Link documents directly to risk assessments, incidents, and audits
- ✪ Quickly search and retrieve documents when needed
- ✪ Ensure documents are always accessible across multiple locations
- ✪ Maintain a full audit trail of document usage and changes
